RECIDIVISIM STUDY 2015

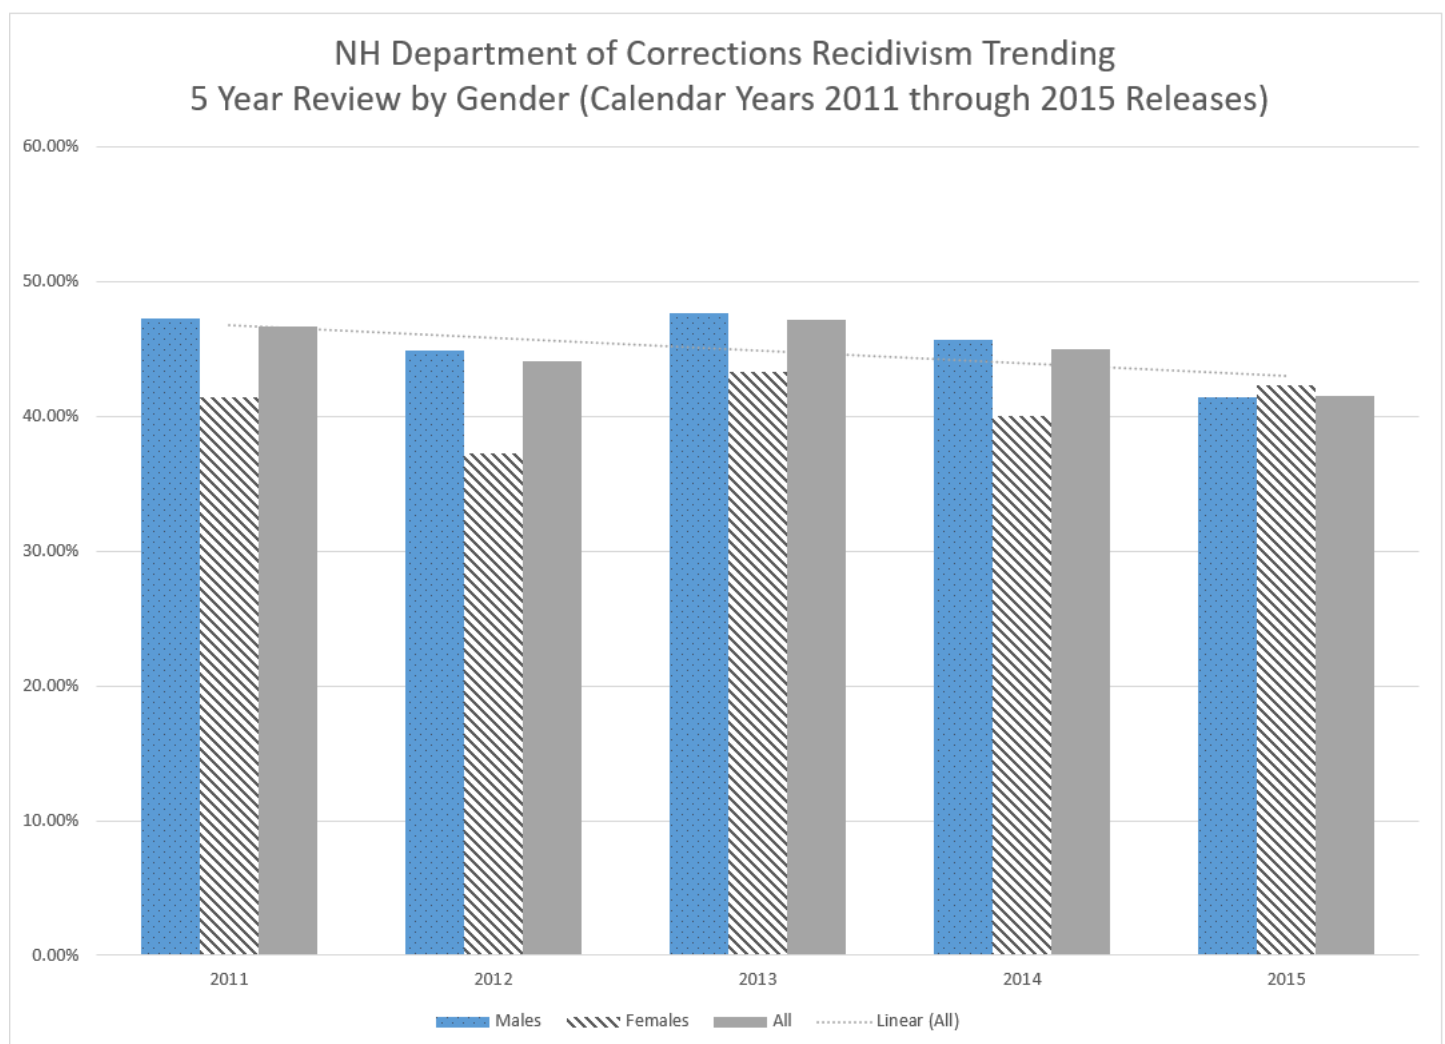

"This study measures the rate at which individuals return to the NH Department of Corrections by either a technical violation or committing a new crime after being released from incarceration."

Executive Summary

The NH Department of Corrections has been measuring and comparing Recidivism for several years. A comparison of trended Recidivism for 5 years is outlined below by gender and overall:

Recidivism Trending						
	Calendar Year	2011	2012	2013	2014	2015
Males		47.31	44.88	47.66	45.69	41.4
Females		41.38	37.3	43.31	40	42.33
All		46.71	44.07	47.13	45	41.5

***The Department follows the Association of State Correctional Administrators Performance-Based Measure System Counting Rules in how to measure recidivism. Recidivism rates are interpreted by the New Hampshire Department of Corrections (NHDOC) as being when an individual, after being released from a NHDOC facility or oversight, returns to a NHDOC facility within thirty-six months of their initial release date. Cohorts are grouped by calendar year.

About this Study

Introduction and Purpose

The NH Department of Corrections (NH DOC) conducts an annual study of recidivism to determine the number and percent of individuals who return to prison within thirty-six (36) months of their release. This study primarily focuses on the rate of return and does not assess or evaluate external contributing causes of recidivism such as social, economic and political factors.

The NH DOC uses this study to assess and evaluate the effectiveness of its programs and services, identifies trends and provides a base to work with community partners to develop strategies for reducing the State's prison systems recidivism rates.

The population, or "cohort", of this study is determined by a count of individuals released from their incarceration between January 1st and December 31st, referred to as the "cohort year". The study presents information in incremental periods, beginning with the date of release to the date of return to DOC incarceration, referred to as the "Recidivism Rate". The "Recidivism Rate" is calculated in (3) month intervals within the first twelve months and then in twelve-month intervals thereafter, up to 36 months. For comparison, the study provides data for the current and previous reporting years.

Example:

Returned in 0-3 Months	Returned in 4-6 Months	Returned in 7-9 Months	Returned in 10-12 Months	Returned in 12 Months	Returned in 24 Months	Returned in 36 Months
---------------------------	---------------------------	---------------------------	-----------------------------	--------------------------	--------------------------	--------------------------

Data Source for this Study

The NH DOC Offender Management System (OMS) is the sole source of data for this study. The OMS is a comprehensive system for managing all aspects of a resident's incarceration such as sentencing, housing, programs, probation and parole and more. The OMS data for this study consists of:

- Sentence and Charge information
- Admission and Release information
- Demographic information

Criteria for Inclusion

Individuals that return within thirty days from the date of release to 36 months are included in the study based on the following possible return reasons:

- New Sentence
- Probation Violation
- Parole Violation

Criteria for Exclusion

Several factors surrounding an individual's release and time in the community can exclude an individual from this study. Some of the reasons include:

- End of a 7-Day detention
- Released individual is deceased
- Transfer to another jurisdiction (Federal, Other State, etc.)
- Transfer/admission to a psychiatric facility
- Multiple releases that occur in the same calendar year, only the first is included for this study.

This study provides the following informational assessments:

- Recidivism Rate Overall
- Recidivism Rate by Release Month
- Recidivism Rate by Resident Status Type
- Recidivism Rate by Crime Type
- Recidivism Rate by Demographic Types
 - Age
 - Gender
 - Locations
- Recidivism Rate by Return Reasons
- Recidivism Rate by Parole Violation Reasons

Recidivism Rates: Overall

The overall recidivism total is determined by evaluating all releases during the cohort year and meet the criteria for inclusion of the cohort. Beginning with the date of release, returns are shown based on 3-month intervals for the first year, and 12 months up to 36 months, thereafter. For reporting purposes, if an individual has multiple releases and returns, only the first valid return after a release is included.

Recidivism Rates: Month of Release

The tracking of month-of-release data helps identify whether recidivism is being impacted by other possible identifiable causes such as policy and legislation changes, economic factors, or weather/time of year. This will help to identify trends based on specific months during which a person is released and to review possible changes/events that occurred during months with higher rates of return.

Recidivism Rates: Resident Status on Release

The “Release Type” is based on the status of the resident upon release. A release indicates the individual is no longer incarcerated or being held on other conditions (detention order). Possible release types include:

- **Collection Only** – Remains under DOC jurisdiction due to restitution, fines or fees owed. Person is not under current DOC supervision.
- **Inactive** – All sentencing requirements have been completed and DOC responsibility has ended.
- **Parole** – A conditional release from incarceration granted by the Parole Board, which allows a person to serve the remaining portion of their sentence in the community.
- **Probation** – Assigned by the courts, and requires supervision by a Parole/Probation Officer.

Recidivism Rates: Reporting Crime Type at Time of Release

Crime type categories are based on the individual's reporting crime. While an individual may be serving multiple sentences for different crimes, the reporting crime is the crime that is used for statistical and reporting purposes.

A reporting crime is determined by a calculation, which determines the most severe crime that the individual is sentenced to, using the following rules:

1. The highest active sentence based on Felony A (highest) through misdemeanor-other (lowest).
2. If there are multiple active sentences at the same level, the next criteria used is the longest sentence
3. If there are multiple active sentences with the same sentence length, the final criteria is based on the charge ID as determined by the order in which Offender Records enters the information into CORIS.

Crime Type Categories:

- **Drug & Alcohol**— Examples include the possession, manufacturing, or sale of drugs and/or alcohol.
- **Violent**— Examples include any crime involving bodily damage to a person(s).
- **Property**— Examples include any crime damaging property and unlawful taking (shoplifting, burglary).
- **Public Order**— Examples include fraud, interference with custody and state, bail jumping, disobeying an officer, felon in possession of dangerous weapon, criminal trespass.

Recidivism Rates: Demographic-Age Range

This section of the report focuses on age and its possible effect on recidivism. Inclusion in a group is determined by an individual's age at the time of release, not the time of any re-incarceration.

Recidivism Rates: Demographic-Gender

Gender recidivism rates show the breakdown of recidivism by gender as a means of understanding the possible differences in recidivism rates between males and females. This information can determine appropriate programs targeted to each population.

Recidivism Rates: Demographic-Release Location

Another aspect of understanding possible reasons for recidivism may be geographic in nature. Seeing where individuals who return to prison were initially released to can help the NHDOC to work more closely with partner agencies in working to ensure that people are getting the services they need (pre- and post-release) to be successful once released to the community.

The following information illustrates the number of individuals who were released to either a county in New Hampshire, the Central Office (restitution cases), or to a Non-DOC location (typically outside of New Hampshire). Probationers and Parolees are released to the 10 Counties, while the Central Office handles individuals that have completed their sentence but owe restitution. Releases to a 'Non-DOC Locations' category handles all other types of releases.

Recidivism Rates: Reason for Return

This area of the report focuses on the reason for an individual's return to a NHDOD facility. There are two instances, in which an individual will return to a facility, a violation of their parole or the receipt of a new sentence. This area assesses the frequency of these two occurrences.

The use of detention information is used to provide this information. If an individual returns with a detention, it is counted as a Parole Violation. If the individual returns with no detention, it is counted as a new sentence.

Reason for Return: Parole Violation

Upon release to parole, an individual signs a Certificate of Parole wherein they agree to a total of 12 standard parole conditions; additional conditions may be assigned on a case-by-case basis. When a person violates any of the conditions of their parole, the parole officer may request that the Parole Board review the circumstances of the violation and determine if the parolee should be returned to the prison.

A specific hearing can include more than one rule violation per individual. The outcome of the hearing applies to all rules heard within the hearing. The information is not provided by individual but by rule to assist with identifying potential areas for focus.

A listing of the rules is provided in Appendix A as a reference.

Appendix A:

Parole Conditions and Restrictions

1. I will report to the parole office at such times and places as directed. I will comply with the parole officer's instructions and respond truthfully to all inquiries from the parole officer.
2. I will comply with all lawful orders of the court and the parole board, and the instruction of the parole office, including all court orders for the payment of fines, restitution, attorney fees, and child support, and the parole supervision fee mandated by RSA 504-A:13.
3. I will obtain the parole officer's permissions before changing residence or employment or traveling out of state.
4. I will notify the parole officer immediately of any arrest, summons or questioning by a law enforcement officer.
5. I will diligently seek and maintain lawful employment, notify my employer of my parolee status, and support my dependents to the best of my ability.
6. I will not receive, possess, control or transport any real or simulated weapon, explosive or firearm.
7. I will be of good conduct and obey all laws.
8. I will submit to breath, blood or urinalysis testing for the presence of any substance, or provide such other sample for testing, or submit to such other test or procedure, as may be directed by the parole board or my parole officer.
9. I will permit my parole officer to visit my residence at any time for the purpose of examination and inspection in the enforcement of the conditions of parole, and submit to searches of my person, property, and possessions as requested by the parole officer.
10. I will not associate with criminal companions or such other individuals as shall be ordered by the court or parole board. Prohibited contacts include victims, other parolees or probationers, and other persons known to the board or to the parole officer as having criminal records.
11. I will not illegally use, sell, possess, distribute, or be in the presence of controlled drugs, shall notify the parole officer of any prescribed medications, and shall not use alcoholic beverages to excess.

12. I waive extradition to the State of New Hampshire from any state in the United States or any other place, agree to return to New Hampshire if directed by the parole officer, and will be responsible for any and all costs, including all travel, in connections with any extradition request or proceeding.
13. The following specific conditions are imposed by the court or parole board:
 - a. I will participate regularly in Alcoholics Anonymous / Narcotics Anonymous to the satisfaction of the parole officer.
 - b. I will secure written permission from the parole officer prior to purchasing and/or operating a motor vehicle.
 - c. I will participate in and satisfactorily complete the following program:
 - d. I will enroll in and participate in mental health counseling on a regular basis to the satisfaction of the parole officer.
 - e. I will not be in the unsupervised company of minors at any time.
 - f. I will not leave the county without the permission of the parole officer.
 - g. I will refrain totally from the use of alcoholic beverages.
 - h. I will execute and deliver all necessary documents to release any and all otherwise privileged reports relating to medical or mental health care, counseling, employment, or income as may be requested by the parole officer.
